# Quizzes and Questions I

- The **Quiz** activity module allows the teacher to design and build quizzes consisting of a large variety of Question types, including multiple choice, true-false, short answer and drag and drop images and text. These questions are kept in the Question bank and can be re-used in different quizzes.

The screenshot displays a Moodle quiz interface. On the left, there is a 'QUIZ NAVIGATION' panel with a grid of question numbers 1 through 10. Question 1 is highlighted with a red border. Below the grid is a 'Finish attempt ...' button and a 'Start a new preview' button. At the bottom left, a 'NAVIGATION' panel shows links for 'Dashboard', 'Site home', 'Site pages', and 'Current course'. The main content area is titled 'Europos istorija: epochos ir regionai'. It shows 'Question 1' which is 'Not yet answered' and is 'Marked out of 1.00'. The question text is 'Kokią savo periodizaciją siūlo Oskar Halecki?'. Below the question is a 'Select one:' prompt followed by four radio button options: a. Ikimodernūs, modernūs ir postmodernūs laikotarpiai; b. Viduržemio, Europos, Atlanto amžiai; c. Senovė, viduramžiai, naujieji laikai; d. Antika, Renesansas, Klasicizmas;. At the bottom right, there is a 'Next page' button.

# Assignments

- The assignment activity provides a space into which students can submit work for teachers to grade and give feedback on. This saves on paper and is more efficient than email. It can also be used to remind students of 'real-world' assignments they need to complete offline, such as art work, and thus not require any digital content.

Pateikite situacijų analizę.
